Guidelines to Using Section Plats

Public Works has a three sets of section plats in the records vault. They were originally produced by the county engineer. Each set was divided into four townships and then the townships were divided by range and section. It is difficult to date the sets as the dates on individual section plats vary significantly. In general they breakdown as follows:

- Set 1 – oldest - red binding in the vault - microfilmed (old book)
- Set 2 - - black binding in the vault - microfilmed
- Set 3 – newest – unbound linens – not microfilmed - scanned

There is much of the same information in each set. However, because these were working documents each set has information that is unique to it. It is common to find hand written notes concerning projects of that time.

This set of section plats may be navigated by using the PDF bookmarks.

The bookmarks will help you locate a range within a township. You will need to advance through the pages to find the appropriate section. Keep in mind that many times there is more than one plat for a given section.

You can do a text search of this file by clicking on the binocular icon near the top of the window. This will open a search window. Type in the word or phrase you wish to find and hit search. It usually works best to limit your search to a single word. A summary of what is found will be in the results box. By clicking on the various results you can move directly to that location. The search results for this document are of limited value as much of it is handwritten.

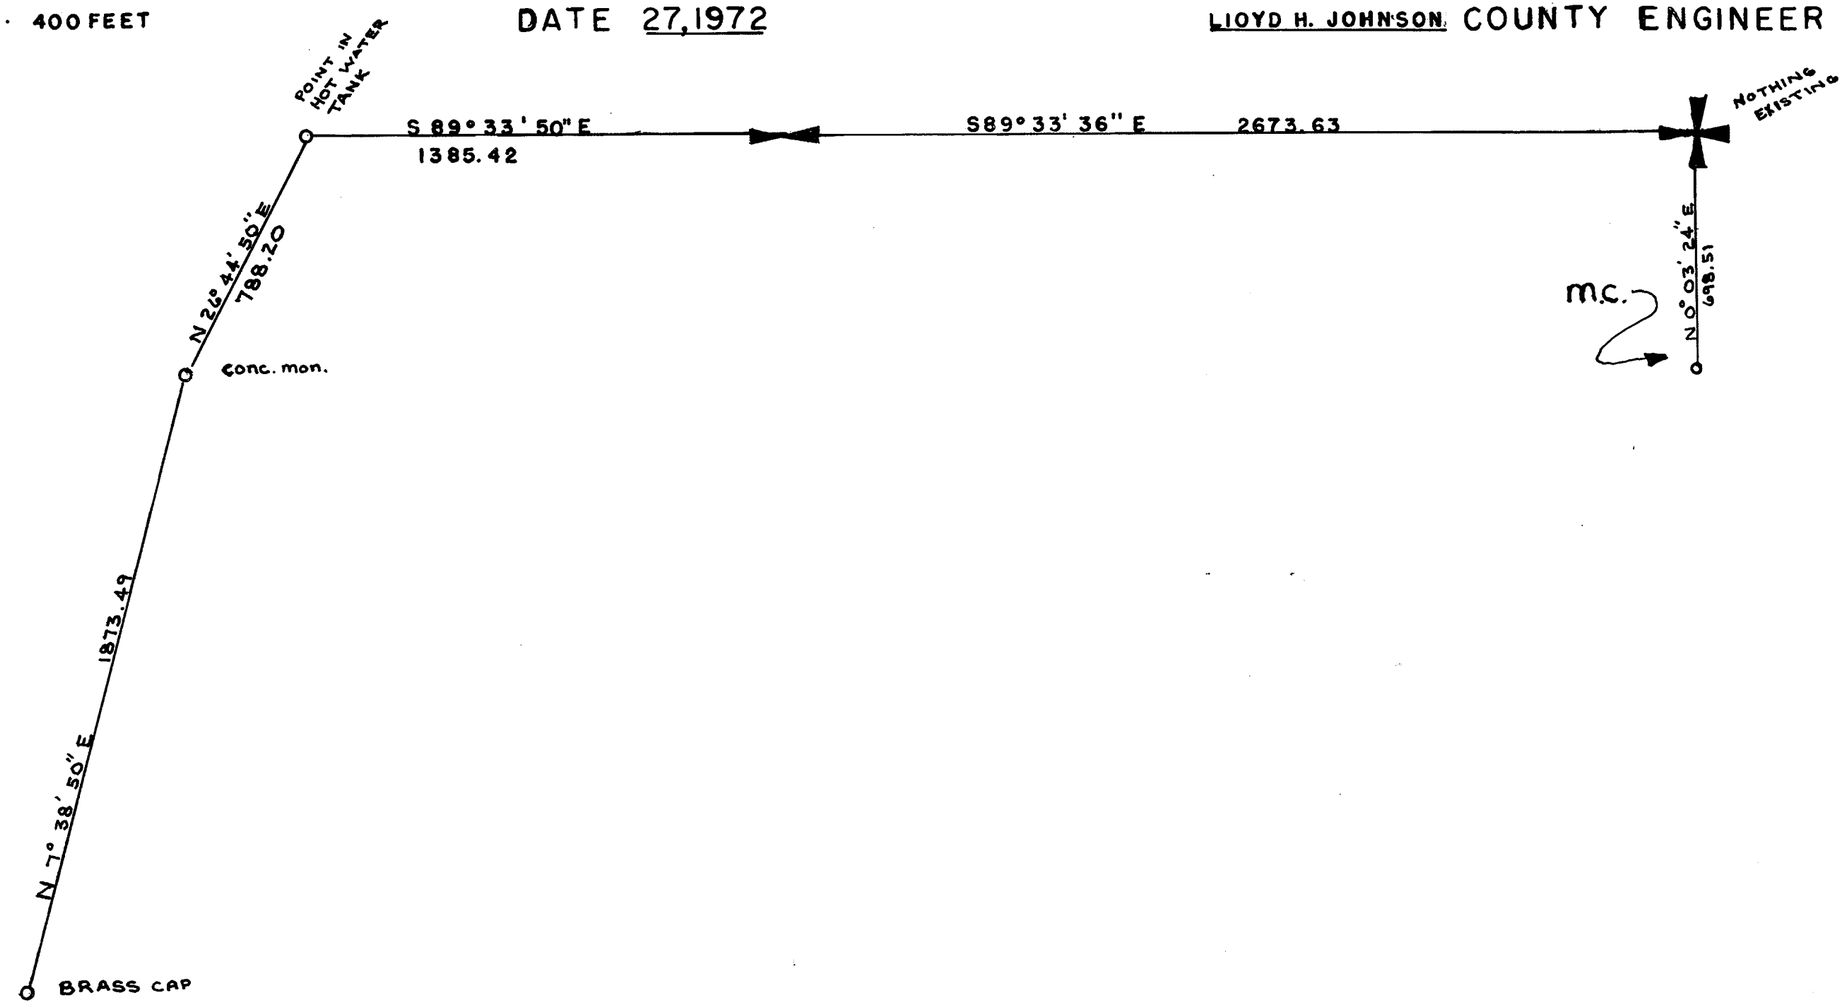

If you have any questions about using this file or suggestions or corrections please contact Keith Luna (3106) in the records vault.

PROPERTY SURVEY

PORTION OF SE¼ of NW¼ Sec. 24 T35 NR 3E.

Dr. by H.O.W. — May 21, 1944

Survey by H.O.W., W.C.W., H.D.T. — Scale 1" = 50'

Description

Beginning at the NW Cor. of SE¼ of NW¼ of Sec 24 T35NR3E., thence S88° 04' 30" E, 553.14 ft., thence s 47° 12' 30" E, 421.60 ft to the State Rd. No. 1 R/W line., thence N42° 47' 30" W 356.24 ft. along aforesaid R/W line,, thence N 3° 09' 45" W, 43.6 ft to the point of beginning. This is the true sub-division description. However, the north boundary of this property is the existing fence which is the recognized property line by local owners. The property line diverges south from the subdivision line on the east end 4.5ft and on the west side by 4 ft. Total area inside of property lines is 1.95 acres.

Scale: 1" = 400'

STATE OF WASHINGTON
COUNTY OF SKAGIT | ss

H.O. Walberg, being first duly sworn, says that he is the County Road Engineer of Skagit County, of the State of Washington, said County hereinafter designated as the "Applicant"; that the survey of the Concrete—Sauk Valley Road, a portion of which is described as a tract of land lying in the Northwest Quarter of the Northwest Quarter of Section Fifteen, Township Thirty-Five North, Range Eight East of Willamette Meridian, more particularly described as follows: beginning at a point in the West line of said Section Fifteen, said point lying S. 0°05'50" W. 200 feet from the Northwest Corner of said Section; thence S. 89°11'25" E. 48.22 feet; thence S. 10°38'39" W. on a curve to the right of radius 994.93 feet, a distance 178.71 feet; thence N. 0° 05'50" E. 171.36 feet to the point of beginning, containing 0.19 Acre, in Skagit County, Washington, was made under his direction as County Road Engineer of the "Applicant" and under its authority, commencing on the Second of May 1949 and continuing through the present date, and that such survey is accurately represented on this tracing for road right of way.

H.O. Walberg
H. O. Walberg, Co. Road Engr.

Subscribed and sworn to before me this 26 day of June 1950.

E. Danielson
