Voters' Pamphlet

August 2, 2022 Primary Election

Welcome Message

Dear Skagit County Voters,

Your vote is your voice! That's why having information about candidates is important. We hope this printed pamphlet is helpful in making your voting decisions. An online version of the pamphlet is also available on our website, www.skagitcounty.net/elections

This election, candidates will be running for federal, state, and county positions.

As a voter, here are ways to ensure that your ballot is counted:

- Return your voted ballot quickly
- Use a ballot drop box whenever possible
- If you return your ballot via US Postal Service, make sure it is postmarked by Primary Election Day, August 2, 2022
- Sign your return ballot envelope
- If you receive a letter from our office regarding your signature, return it to our office as soon as possible.

The sooner voters return their ballots, the more complete the results will be when we post them on election night!

Thank you!

What's new in Elections?

Primary-only voters

A registered voter who is 17 years of age on the day of the primary (August 2, 2022) and will reach the age of 18 on or before the date of the following November general election (November 8, 2022) is now eligible to vote in the primary election.

Your ballot may look different from other members of your household. Your ballot will only contain:

- Nonpartisan candidate races that contain three or more candidates appearing on a primary ballot.
- Partisan candidate races, regardless of the number of candidates, appearing on a primary ballot
- Presidential primary – held once every 4 years.

Redistricting

Your district may have changed

Every 10 years, following the U.S. Census, legislative and congressional district boundaries are redrawn in a process called redistricting.

Redistricting ensures that each district has about the same number of people, which means equal representation in government.

As a result of redistricting, you may have been assigned to a new legislative or congressional district.

If you have changed districts, you will vote on different legislative or congressional races, beginning this year.

For more information about new district boundaries or the redistricting process, visit www.redistricting.wa.gov.

Make a vote plan today!

Life is busy. You've got a lot on your plate. We get it. Making a plan to vote can help make sure that you get your ballot in on time so your vote can be counted and your voice can be heard.

Ballots will be mailed on July 13. If you don't receive your ballot by the 19th, call Skagit County Elections at 360-416-1702 or go online to print your ballot at votewa.gov.

2

Vote your ballot and sign your return envelope. You are not required to vote every race on your ballot. We encourage using this pamphlet to help you decide.

3

Return your ballot to an official ballot drop box. Drop boxes are open until 8 p.m. on August 2.

Or

Or return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked by August 2. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day.

If you cannot personally return your ballot, let only people you trust deliver it for you.

4

Check the status of your ballot on **VoteWA.gov** to see if it has been received by your county elections office.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

View election results online

After 8 p.m. on election night, tallied results from each county are posted at **sos.wa.gov/elections**

Results are updated as counties report and are unofficial until certification

How is my ballot counted?

1

Your county receives your ballot

Your ballot is picked up from a drop box by election employees or received from the post office.

2

Your signature is verified

The signature on your return envelope is compared to the signature in your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure only one ballot is counted for you.

3

Envelopes and sleeves are separated

The return envelope is opened and the security sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4

Your ballot is reviewed and scanned

The ballot is removed from the security sleeve and election staff review your ballot to verify that it can be successfully scanned.

5

Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted.

Certification

The August 2 election results become official on certification day, Tuesday August 16.

Your signature matters.

Under Washington State law, the signature on your ballot return envelope must match the signature from your voter registration record in order for your ballot to be counted. That means we check every single signature on every single return envelope in every single election. Each election, ballots are returned either unsigned or with a signature that doesn't quite match. Don't let that be you.

Here are a few tips to help make sure your signature passes the check and your ballot gets counted:

- If you register online, we pull your signature from the Dept. of Licensing, so check the signature on your drivers license or state ID and try to match that as closely as you can.
- Your signature does not need to be written in cursive or nicely or even legibly, it just needs to match the one that we already have on file. If you have a chicken scratch signature, that's okay! Just make sure you scratch it out the same way each time you vote.
- If you have no idea what signature you might have used or it's been a while and your signature has changed, you can always update your signature simply by returning a paper voter registration form. Returning a paper registration form will add your updated signature to your file.

If there is an issue with your signature not matching or if you just plain forgot to sign, we will send you a letter and, if we have your number, we'll reach out by phone as well. To make sure your ballot is counted, you'll need to fill out and return a simple form before 4:30 pm on Monday, August 15.

How to return your forms to Skagit County Elections:

Elected Experience

No Information Submitted

Other Professional Experience

Currently a rail worker and a member of the SMART-TD union. A union coal miner for 18 years. Worked in textile, steel, and other industries, joining coworkers to fight for better conditions.

Education

The Black struggle and other workers' struggles taught me a profound confidence in the solidarity and fighting capacity of the working class here and internationally

Community Service

Participation in actions supporting Black farmers fighting land loss, protests against police brutality, against anti-Jewish attacks, and in solidarity with immigrant workers. Defending free speech and debate, and standing against anti-working class, anti-scientific "cancel culture" and "wokeism"..

Statement

The Socialist Workers Party campaign presents a course for working people to organize, defend ourselves, and make gains amid deepening world capitalist crises. Workers need to break from the Democrats and Republicans, and use our unions to form a party of millions of working people, a labor party, to speak and fight in *our* interests.

Moscow's troops out of Ukraine now! U.S. troops & nuclear weapons out of Europe! End U.S. sanctions, which hurt working people. International working-class solidarity, including between Ukrainian and Russians toilers, is key to defeating Moscow's invasion. Workers here share common interests with fellow working people worldwide, not the rulers who exploit us. For unconditional recognition of Israel as a refuge for Jews, increasingly scapegoated for the capitalist crisis, and facing murderous violence.

Workers need access to healthcare, childcare, family planning, easier adoption, contraception, and safe and secure abortion. Solidarity with farmers, who face soaring production costs and threat of foreclosure. Nationalize the land, to guarantee use by those who live on and work it.

Defend Cuba's socialist revolution, which shows it *is* possible for workers and farmers to transform ourselves in struggle, take political power, and begin to uproot capitalist exploitation. End the U.S. economic war against Cuba!

Working people face long hours and insufficient time off. The labor movement must fight for a shorter work week with no cut in pay to create jobs, prevent layoffs, and allow family life. For cost-of-living raises of wages and retirement benefits with every price rise! To defend life and limb on the job, workers must aim for control of production.

Only a revolutionary government of workers and farmers can build a society in the interests of the majority. That's what the SWP fights for.

Candidate statements have been reviewed and accepted by the Office of the Secretary of State and have been printed as submitted.

Community Service

15 years of volunteer work at WA State correction facilities (local, county, & state).

Statement

In 1992 as co-founder, I attended Rainbow Coalition in Seattle with intentions to run for U.S. Senate at the same time Senator Patty Murray came for endorsement. They convinced me to withdraw my name on her behalf and I agreed. Since 1992, senator Patty Murray was elected for WA state & is the chairman of Health and other departments.

I had been a doctor practicing in the state of WA for 38+ years with no complaints against me. Unexpectedly, the Health department suspended my medical license based on misinformation & what I suspect to be racism and Islamophobic. My case was handled through Zoom due to the pandemic and those members if the medical commission were all below my education and experience. I was racially targeted and they said I was demented and unable to practice. That misinformation came from a geriatrician, a member of LGBT whom I visited to get a second medical opinion on some issues. An attorney presented several supporting evidence, proving I was a competent medical doctor. The commission however, were convinced by an assistant attorney general who had been against me for years and I have evidence of that.

I wrote to Patty Murray, the chairman of the Health department, as this was her department. Why did not do anything? I decided to publish not only my grievances but also that of hundreds of my patients, as I am running for U.S. Senate.

I advocate amendments to the constitution which include War Powers Act, direct trade with foreign countries by states, National Guard to be under state control, Second Amendment as a privilege and not a right, allow foreign-born Americans to run for President, and U.S. Congress to meet in states by rotation. For more extensive information, visit my Facebook and website.

Elected Experience

None, which is an attribute. Please read my statement carefully, I am about one thing results and I will bring results through this position.

Other Professional Experience

State and Tribal.

Education

MSW, I have every intention of getting involved in education on a local level. We have to fix where our schools are at. I will work with both parties to focus on test scores, vouchers, and helping all schools.

Community Service

A great deal of service. I am a Tribal member who will reach out to both sides of the aisle, and I will be involved with fixing crime and homelessness on a local level.

Statement

My name is John Guenther, I am a Republican candidate for the US Senate. I am calling on votes from Democrats, Independents, and Republicans. I promise members of Congress or their significant others will not be permitted to own individual stocks and I will get term limits for the House and Senate; or I will not run again. Under my watch, we will fight the printing of money and the massive debts we are under, and we will stop inflation.

I will fight crime by ensuring Judges don't allow dangerous individuals out on bail. I will ensure Prosecutors file on dangerous individuals, I will fund the police, and will stop tent cities in city limits. I will be involved locally.

With education, focus on the basics, bring up test scores, why are poor and minority schools always the worst? We need to look at vouchers. Teach sex ed at home, and end CRT.

With energy, yes to alternative sources, but bring back nuclear, and get the uranium, oil and gas from American states. I will support legal immigration, and stop this surge. With foreign affairs, operate from a position of strength, stop allowing countries that are hostile to America, take over America. We are about to accidentally enter WWII.

I want to Reach out to Republicans and say, hardliners will not win, vote for me. Democrats, I will work closely with you and will work on a local level to make our State safe again, and help our educational system. With Independents, do you trust the direction we are going? We need leadership to right this wrong. I am saying to all three groups, vote for me and you will get results. I will not tell you that I have a plan, I will produce or not run again.

Elected Experience

No prior elected experience, but an extensive background building coalitions and working with members from both parties to enact legislation reforming the Veterans Administration and improving veterans' health care.

Other Professional Experience

Triage nurse, full-time caregiver, President and Co-Founder of "Hope Unseen," veteran's advocate, mother of three growing boys.

Education

Whitworth College- Bachelor of Science in Nursing

Community Service

KADLEC Foundation Board, Elizabeth Dole Foundation, National Chamber for Hiring our Heroes, Veterans Airlift Command, Camp Corral, Smart Women Smart Money, Policy Vet Board

Statement

Tiffany Smiley grew up on a farm in rural Washington and dreamed of becoming a nurse. When she married her high school sweetheart, Scotty Smiley, and achieved her goal of becoming a triage nurse it seemed she'd achieved her version of the American Dream. That dream was shattered in April of 2005 when she was informed that her husband had been blinded by a suicide car bomber in Mosul, Iraq. At 23, Tiffany quit her nursing job and flew to Walter Reed Army Medical Center to be by Scotty's side.

At Walter Reed, Tiffany had to stand up to the federal government and fight for Scotty, his dreams and the care he had earned. For Tiffany, her experience with the military bureaucracy highlighted the challenges facing many service members and their families. Tiffany became their voice, going to Capitol Hill and meeting with anyone who would listen to her. She built coalitions with members from both sides of the aisle which ultimately resulted in real reform of the VA to help the catastrophically injured and their caregivers.

Drawing on her experiences as a veteran's advocate, Tiffany will build coalitions and work for policies that improve public safety and protect Washington families, combat spiraling gas prices and the inflation that's hurting the middle class and address the homeless crisis plaguing our communities. Tiffany will be a strong supporter of our men and women in law enforcement whose sacrifices keep our streets safe and allow Washington communities to thrive. As the mother of three school-age boys, Tiffany will invest in our schools to provide every child with a brighter future. Tiffany has earned the endorsement of the Washington State Republican Party. From a small farm in Eastern Washington to the nation's capital, Tiffany will be a voice for all of Washington.

Statement

As a Democrat, I have always the interests of the people at heart, because I truly believe that *democracy* is the best form of government for all the people across this Earth.

My Bachelors of Arts & Science from the University of Washington, followed by many years of study at the Environmental University of Oxford graduating with a Public Health PHD & Environmental Science and Cybernetics. (PPE)

All of my life I have extended myself to the community, with non profit work at "People's Health International" working against endemic diseases such as Tuberculosis and many other communicable illnesses that ravage the most neglected human beings at the bottom of the pyramid.

It is my fervent belief that government by the people, from the people and for the People -- shall never perish from this Earth, if we can help it.

That is, if we can help it be maintained as discussed in our party manifest, and as "We Democrats and Independents" can coalesce into a strong majority that will push through our political agenda of Growth, Equality in front of the eyes of the law, and Equanimity in opportunity to harvest the American Dream that is promised to all of us, but rarely delivered to the ones who are less fortunate amongst us, because of racial divisions, lack of economic opportunity for most, and also because we are still tied up to the carriage of runaways that preach systemic racism and white supremacy, and still happen to be the majority of our elected officials. This is what I am here to change, and that is why I ask for your vote.

Community Service

Army veteran, Captain, Second Infantry Division. Incidentally, I was a *middle-road*, JFK (John F. Kennedy) legacy Democrat. The Democratic Party *abandoned* me. I became a Republican. Praise God.

Statement

The 7% inflation in 2021, the worst in 40 years, cost the average U.S. household \$3,500 more for the same goods and services.

Think about this. The ineffective career politicians in charge, who just messed up your wallet, want another chance. Bad idea.

This election, *cut your losses*.

Vote your unhappy wallet a Senator (and Representative) who will sponsor tried-and-true policies that foster prosperity.

Specifically, under Democrat President John F. Kennedy, almost everything was made-in-the-USA, America was energy independent, our border was secured, and inflation was 1%. *With policies like JFK*, Donald Trump's inflation rate was 1.2%.

Something else. Article IV, Section 4, in the Constitution, protects each state against invasion. Accordingly, I oppose amnesty for illegal aliens. These people invaded America.

His successfulness has attracted him to running for office. In all of what is happening now, he has been seeing what new measures government should be taking. Certain things need "More of it!" until adequate completion. We've only started. In this society, good programs and personnel for security in schools need more development. A system to achieve accountability for government officials and workers needs to be created. The effect of Covid on everything still need recovery, not just resuming. Endeavors to gain what is needed to do something, to invest in capital, and the to discover a marketable service, all have been his good choices. Statement

This year's candidacy marks a decade of not trying to win but to use the Voters' Pamphlet to attract viewers to the posts on my blog <http://stopeastlinknow.blogspot.com>. It began in response to the Seattle Times failure to recognize Sound Transit had a board of elected officials and a CEO that didn't understand the basics of public transportation.

That 4-car light rail trains don't have the capacity to reduce peak-hour congestion on multi-lane freeways and cost too much to operate during off-peak commute. That the billions already spent on Prop 1 extensions will do nothing to reduce freeway congestion. They're only a down payment on ST3 "voter approved" extensions whose costs have increased from the \$54B voters approved in 2016 to \$135B in 2022; yet don't increase capacity but add to operating cost.

The Times has abided Sound Transit no longer releasing quarterly service reports that would have shown Northgate Link ridership was ~8000, a fraction of the 42,000-49,000 the paper had heralded as "Transit Transformed". Portending even worse debacles for the "voter approved" ST3 extensions; my goal to expose.

This year it will also allow state residents to vote for someone who doesn't believe the country is systemically racist, believes teaching CRT doesn't benefit students, and that sex education should be age appropriate. That Gov. Inslee should explain the benefits of EVs whose batteries are charged by fossil fueled generators and whose owners don't pay gas taxes to fund roads. Who questions the efficacy of his carbon tax when the country only emits 15% of the planet's CO2 and a Dec NAS paper conclusion:

CO3 warming effect decreases with concentration. CO2 has less and less effect with increased concentration. CO2 can go to 1000 to 2000 to 5000ppm and it won't warm the earth

Statement

My name is Jon Butler, I'm running for United States Senator of Washington State/ My platform is Family Court Reform and Family Law Reform. I've been an advocate for going on 10 years now. Helping parents and children here in Washington to around the country and the world. Family Courts have destroyed families, dreams of our children and their parents for over a century. It Started in 1910. It is time to stop the abuse on Washingtonians and the American parents. I would like to Butler Corps, like Job Corps but for older adults: the homeless vets, woman and men. Where people can get a good education/trade and off the street, to get them a job. Everyone needs just a nudge in the right direction. Also, I would love to give teachers raises and better incentives. They are on the front line our generations to come, and they should be treated like the best. Furthermore, somethings that has been on my heart to do is, limit terms on politicians. This has never been done in history. It is time to make history and make this happen. There are other great things I would love to get done for us Washingtonians, from creating stricter laws on pedophiles, stricter voter ID laws, again term limits, to even raising the speed limits on some highways. Plus, to step it up I don't ask for donations, my name isn't bought like most of them are. I even will be giving the paycheck back to the public. Giving it back to local communities and building families up. The other part will go to building Butler Corps. I am not asking for money. I'm asking for your vote. Statement

Social Liberal and Fiscal Conservative

Fix Our Broken Monetary System: Inflation is at a 40-year high. US debt is \$30 trillion and accelerating. Since 1971, The Fed's money printing is administered like a painkiller. After 50 years, the US economy is addicted to synthetic stimulus. We can forgo the Weimar Republic pattern. There is a way out. Wtfhappenedin1971.com

Since 1971, wealth inequality continues to widen. QE and money printing is the biggest wealth transfer to the financial class in human history. Money printing is bleeding the working class. Inflating housing, food, and fuel. The root cause of homelessness. We are in a large-debt cycle and Bitcoin will provide relief from the failing US Dollar. As Senator Solstin, I will focus on fixing our broken monetary system. Bitcoin eliminates the magic money printer. Eliminates inflation. Crypto does not. Crypto is fiat.

I want to be Senator Solstin to give control back to citizens. I advocate privacy, individual sovereignty, and private property. In summary, Bitcoin. Nothing else is sufficiently decentralized. As a privacy advocate, I will fight every CBDC effort, including countries who implement a CBDC. The US worker shouldn't compete with an ultra-centralized, economy. Central Bank Digital Coin is slave money. Dystopian. I'm happy to debate this with any opponent.

Conservationist: I will fight for clean air, clean water, clean soil, and clean energy.

STEM Leadership: The internet's TCP/IP accelerates the velocity-of-data. Bitcoin's BTC/LN accelerates the velocity-of-value. Both protocols demonstrate *decentralized* resiliency, and accelerates the digital transformation of Science, Technology, Engineering and Math (STEM). I will strategically invest in STEM's digital transformation, accelerating abundance and prosperity for everyone. The aging US Senate desperately needs proven, STEM leadership. Statement

These last few years have been some of the toughest for our state that I can remember. But that has only made me more determined to be a strong voice in the other Washington for our workers and families—one who listens to the people of our state first and foremost, and always stands up for our values and priorities.

As your Senator, I focus on results and concrete ways I can make life better for people in our state. I led the Senate in passing legislation last year to get our kids back into the classroom safely, make COVID vaccines available to everyone who needed them, and help small businesses and families make ends meet through difficult times.

Right afterward, I got to work to help pass the Bipartisan Infrastructure Law, which will create good-paying union jobs in every part of our state, improve public transit, expand lower-cost clean energy, establish universal broadband, and upgrade our bridges, ferries, and ports to strengthen supply chains.

And, I negotiated a bipartisan budget that funds local priorities Washington workers and families like you have told me about, like helping veterans find housing and expanding job training.

I will always stand up to those who want to roll back workers' rights, jeopardize American democracy, or ban abortions. I believe the economy should work for everyone in our state, not just those at the very top. Instead of tax cuts for the rich, I want to lower families' costs for basics like health care and child care—make housing, college, and career and technical education more affordable, and invest in American manufacturing to bring good jobs back home.

I ask for your vote so I can keep fighting for you and everyone here in Washington state.

Hi, I'm Thor Amundson, and I am a pro-democracy candidate and freedom of choice and freedom of speech. Born and raised in Eastern Washington, I've lived and worked throughout the state, and this has given me the opportunity to talk with people in all walks of life, and to consider the variety of issues facing them. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water over seas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools; reintroduce the monarch butterfly to Washington state. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Annex Weyerhaeuser's land and give away 250k free off-the-grid homesteads in WA state. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I'm going to implement it. I am not an attorney, and I am not a politician. Therefore, there will be no question about who I am working for. I will lead Washington into the 21st century.

Bring our Washington Orca back from Florida. Please vote for Thor Amundson, U.S. Senate.

Statement

We have a serious problem and even as wealthy as this Nation is, this is getting expensive. \$30,400,000,000,000 National Debt along with increasing interest rates; the postponement/abandonment of dealing with this has left the United States in a precarious financial situation, Interest Payments this year will exceed \$600 Billion (1.7 Billion Each Day).

The incumbent has been in office 29 years; the National Debt has increased over \$26,400,000,000,000 during her time in office. Without your help it will not get repaired, the people who created this mess have no incentive to fix it. Grandmothers, moms, your kids and grandkids have gotten Fleeced!

Not learning from but repeating history is Insane yet here we are again, will the catastrophic results repeat also? George Washington's farewell speech in 1798 addressed Political Parties and the damage they would inflict on this Nation because of Potentates and Despotism; the cost of abandoning Virtue and Morality for Legalism; the dangers and damage of Outside Foreign Influence; along with the irresponsibility and cost associated with an unfettered National Debt.

Thomas Jefferson stated: "I know no safe depository of the ultimate powers of society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education."

Unfortunately there are no term limits; the Elephants and Asses (Republicans and Democrats) defrauded/deceived you, your kids and your grandkids! The only way to get rid of the lifers in the House and Senate is to remove/fire them all. If you are tired of the status quo, help change it. It's past time to clean house.

Have been writing about the Nation Debt since 1992, operate two websites Scaryreality.com, 2004; Insanityrules.org, 2019. Thanks Chuck

I am a successful entrepreneur, businesswoman, wife, and mother. Born and raised in Bellevue, WA, I have watched firsthand our state's downfall. Friends ask me "Naz, why would you put yourself out in the angry political world?" Simple. As the daughter to Iranian immigrants and as wife to a husband whose family fled the Socialist Republic of Romania, I have seen sacrifice. I love my country, I love the constitution, and I want there to be a future for my children and yours! As an independent, I believe that our differences empower us and that respect is essential, even when we disagree. We all see the bad direction our country is headed and we all see the hypocrisy among both sides of the establishment. We all want change. I am that change.

I believe our 2-party system does not care for the common citizen. They pledge their allegiance to their party. I will pledge allegiance to our country and the people of WA! I promise to be honest, upright, and continue holding the same moral values that I hold in my personal life, family, and business. I won't be bought by special-interest groups and I will put the grueling issues that plague our state first on the list. From holding state officials accountable with homelessness funds, to fighting big Pharma, inflation, education, student loans, energy innovation, immigration, etc. The list goes on and I'm prepared to bring solutions to the table and work between party lines to get things done!

Who is best to represent you Washington? A democrat? A republican? Or is it an independent? One who truly loves her state, the Washington people, and wants to better the quality of life for all. The voters have to decide. Thank you for the opportunity to serve and represent you!

F*** Qanon. F*** Vladimir Putin. These enemies are existential threats to our Constitution & Democracy. We need newly elected blood and energy within U.S. Congress. I'm an Engineer and the America's 1st Data Scientist U.S. Senate candidate. As a Progressive who rejects corporate campaign donations, here's my new Senate Reform Ideas platform.

Term Limits Contract. If I serve more than 2 terms in office, I go to prison or face lawsuits by Washington State citizens; I propose a legal framework contract between myself and Washington State Executive Branch Government. Understand, if the terrible 'Texas abortion bounty hunting' is legal, then my contract proposal can be too.

Radical Transparency. Let's end secret backdoor lobbyist meetings; Make lobbyists' lives more difficult. *The police must wear bodycams, so should politicians.* I will be the 1st politician to wear bodycams, livestream record all interactions with lobbyists. My Senate Staffers will wear bodycams too.

We must '*Reframe National Security*' = '*All Basic needs met for all Americans!*' These are investments in America, not a burden. Healthcare, higher education, Public Infrastructure & Fighting Climate Change. Think about the broken 1977 Bridge of Vulcan, West Virginia. That desperate town actively requested foreign aid money from U.S.S.R. (see Wikipedia). When we don't take care of our own citizens, this makes us extremely vulnerable to foreign actors.

US Defense budget has *never been audited*, but it's not wise to cut before measuring. Let's impose 'failure to audit penalty', lock DOD budget at FY2019 with annual 10% reallocation penalty towards boosting Veteran medical care and cash payout to Veteran families' welfare. In closing, I'm the *only* candidate in America offering *Term Limits Contract & Bodycam fulltime*. This is a 1 time offer, Washington State. I'm in no position to run for public office again in the future. *Peace! *mic drop**

Education

Community Service

From a young age, my parents and grandparents taught me the importance of serving my community. I am most proud of my active duty service in the United States Navy at Naval Air Station Whidbey Island and my family's small scale farming sustainable lifestyle.

Statement

As a government watchdog, proud father, Christian, Navy Veteran, small business owner, and Civil Engineer I am confident I have the unique background needed to better address the challenges our region and country are facing as Washington States 2nd Congressional District's Representative.

I am committed to stopping the excessive spending in Washington D.C. that has resulted in the worst inflation our nation has ever seen and stopping a national debt that will cripple my grandchildren's prosperity. I offer my unique experience as a government watchdog identifying hundreds of millions of dollars of waste, fraud, and abuse in our infrastructure system to those who want real accountability.

Being a father of three daughters in the public school system, I believe in fighting for parent's rights, fighting for a girl's right not to have to compete with biological males in school sports, and fighting to stop activist teachers from pushing their beliefs in the public school system.

As a veteran, I oppose America entering into unprovoked wars or that our country needs to act as the world's police force. American security begins at home and having strong borders with a thoughtful immigration system reflects we are a strong nation.

Our nation was founded on the belief that citizens have the right to bear arms and this time of increasing violence, crime, and assault on our first responders, has proven this right must never be infringed upon.

As a state leader in the election integrity fight, I am ready on day one to fix what has been happening to our nations elections system, stop those who do not want free and fair elections, and restore faith in election results. By supporting me you are supporting accountability, fairness, and rejecting partisan politics as usual – I ask for your support.

Statement

As a proud veteran, I served this country, defending it from foreign threats as an enlisted United States Air Force member. I now wish to serve and fight against a new kind of threat in a war waged on the American people. Career politicians have fostered corruption by destroying our nation with crime, drug use, homelessness, critical race theory, inappropriate curricula for minor children, and Marxist, globalist agendas. Little to nothing is being done to combat inflation as soaring prices are seen in the grocery store and the gas pump. Policies promoting proxy wars spending trillions while rising college debt and child support cripples the American nuclear family. The ferry system, roadways, and utilities are a complete disaster, with rampant fraud costing taxpayers billions. Mental health is in significant decline, and our basic autonomy over our bodies, as protected by the constitution, is under constant attack.

It is time to get back to basics with a reduction in federal government overreach, accountability, and criminal prosecution of corrupt politicians and public servants who have stolen from taxpayers. Our district had little to no advocacy against the current horrible policies destroying businesses and shutting down our economy. Americans need to unify and collectively advocate for change. Regardless of the side of the fence you are on, a middle ground can be found, but never should we compromise with the bedrock of the basic human principles on which our forefathers founded this country. I take calls to defund our first responder's personnel. More laws and bureaucracy are not the solution. We need to enforce our existing laws and bring back community standards to lead by example, protecting our family, neighbors, and friends. Together we can save America, stop socialism, and take back our towns.

Running a normal campaign in 2022 seems almost insulting. Subjecting Washingtonians to the worn out windbaggy of tired platfoms and platitudes. As a man of integrity, it's time to set aside partisan distractions. No matter where you go, shelves are empty and the cost of living is high. Washingtonians are going to work, so they can buy gas in order to go back to work. And, while we worry about fuel and formula shortages this year, we will have food and housing shortages next year. I will defend the Middle Class, the blue collar worker, and the small businesses of our upper left corner, while lowering the boom on exorbitant Federal spending. Statement

I believe every job is essential. Being in the working class, I have an intimate understanding of the needs of our district. I am running to address the state of our economy, inflation, the rise in crime, and government overreach. Rising fuel prices have led to an increase in prices at the grocery store, with the possibility of food shortages to come. Instead of enacting laws that restrict your rights or increase your tax burden, I will fight to pass legislation that will deliver a better return on your investment. The government continuously increasing our national debt is not the solution.

We need more push back in government. I am looking to be that voice. To represent you the people without a personal agenda. As a former defense secretary stated, the current administration has been wrong on nearly every major foreign policy and national security issue over the past four decades.

I believe in checks and balances in government. My job in this role is not to treat it as a career, but as a public service as it was always intended to be.

I have been an activist for over 30 years, deeply involved in antiwar, healthcare, and climate movements. I'm a board member of Whole Washington, a grassroots campaign seeking to achieve universal healthcare in Washington.

Statement

As a teacher, union leader, and working class dad, I know the struggles working people face firsthand. The cost of living keeps going up while wages flatline. Our climate is in crisis. Millions can't afford healthcare or struggle to keep a roof over their head. And Congress has failed to act because they work for corporations, not us. But we can change all of that.

Money isn't speech; corporations aren't people. We must expand voting rights and get money out of politics with publicly funded elections. I'll fight for strong unions and living wages, and I'm the only candidate who rejects corporate PAC money. WA-02 is vulnerable to rising seas, forest fires, and increasingly severe heatwaves. I will confront the climate crisis with the urgency it demands. I'm the only candidate supporting a Green New Deal to rapidly rebuild sustainable infrastructure and provide good jobs with living wages.

Congress must codify *Roe* to protect our right to privacy and bodily autonomy. States are passing laws stripping reproductive rights and attacking the LGBTQIA+ community. I'll fight for federal protections against those dangerous laws, to abolish the filibuster, and expand the Supreme Court. Healthcare is a human right. Millions of Americans have no health insurance or insurance that's too costly to use. I'm the only candidate supporting Medicare for All to eliminate out-of-pocket costs like copays and deductibles while covering *everyone*. It's time to federally legalize cannabis. I'll fight to free those incarcerated for nonviolent cannabis crimes and expunge their records. Nobody should be in jail for a plant.

In 2020 I came within 1% of getting on the November ballot. This year, we have a clear path to victory. Door after door we hear the same message from voters: Northwest Washington deserves a change in direction. That's what we're fighting for.

Statement

I am proud to serve the people of Northwest Washington. Representing your voice In Congress is the honor of a lifetime. Our region is special, and so are our neighbors. Your strength and resilience are what motivate me to fight on your behalf every day in the other Washington. Here is why our fight must continue.

You deserve an economy that works for you. Passing the CARES Act in 2020 created an economy on the mend. Passing the American Rescue Plan and infrastructure bill in 2021 created an economy on the move, with low unemployment and strong economic growth. We must now focus on inflation and pass Democrats' plan to lower everyday costs, including health care, childcare, and gas.

You deserve limits on corporate power. This means preventing companies from generating record-high profits on your back by raising record-high prices. It means requiring all corporations to pay their fair share in taxes. And it means getting the power of big money out of our politics and returning power to you.

You deserve a sustainable environment. This means protecting our natural resources, which are critical to existing local jobs that rely on our water, land, and wildlife. It also means reducing carbon emissions, which is the key both to reversing climate change and to creating future local jobs that rely on clean energy.

And, with women's reproductive rights under threat, women everywhere deserve federal legislation that protects their right to choose.

I was born and raised here, and my wife and I are the parents of two boys who represent the fifth generation of Larsens born in this district, I take the future of this community as personally as you do. I am committed to building an economy that creates more jobs and opportunities for all. I ask for your support.

Statement

As Secretary of State, working with our citizens and Legislature, using only American labor not more globalism, I commit to improving and replacing election systems and processes as needed to guarantee every Washingtonian who can legally vote can easily vote, people who legally cannot vote do not vote, and implement a voter identification system and routine audits to protect the integrity of our elections. Compared with accuracy and transparency requirements for engineering, banking, and healthcare, our elections have been completely substandard. We deserve and will build an election system that earns our trust.

We need a strong voice of the people serving in Olympia, someone who has a record of actually getting things done, not just another government career builder, political agitator, or activist trying to build name recognition. We need innovative, free-market solutions proven in the real world. My successful career was built outside of the swamp of government. Like serving on jury duty, I will serve our people, taking responsibility, deliver what I promise, then return to private life, and never make excuses.

Statement

For those unaware, China is assembling a 'security' pact in the Pacific. This amounts to a series of gas stations for their 350 ship navy, 80 ship maritime militia, and any aircraft and small craft imaginable. They already have Guadalcanal. They also have 100 tankers and 400 containerships (Temporary helo troopships). So, if certain dominoes fall certain ways, we could have half a million Chinese troops in Western Washington. Where there is a huge anchorage and ready protection from our Army provided by mountains, deserts, and rivers. If this comes even close to happening, we will already have had a bad day. Long before then I want the Military to Recon the place hard and think about what to do with that much trouble.

Chinas' move is not so much new as next. Part and parcel to the happenings in Ukraine. You don't need ESP to see war clouds gathering. We must get our supply chain out of their country. That won't happen by itself.

Then there are the republicans. I think the free states should sue the slave states. To have a free and fair election in the United States, it must be free and fair in every state.

Statement

I was born and raised in Russellville, Alabama, to a young mother and father. Growing up in the south as the 2nd oldest of 14 children was challenging at times; however, I garnered valuable leadership skills and the ability to influence. I learned the importance of hard work, giving back to the community, and becoming a person of value. After graduating high school and attending college, I decided to pursue a new career by enlisting in the U.S. Army and serving my country. Soon after my military career, I obtained my B.S. Degree and maintained a career in Banking. Washington has been my home for nearly a decade, and I enjoy volunteering and hiking.

I choose to run for Secretary of State because representation matters, voter education matters, election security matters, and restoring confidence in our democracy matter. Washington state has maintained recognized leadership in the nation with its impressive mail-in voting process and same-day voting registration. I believe I can carry on that legacy once I am elected.

As an openly gay man of color, it would be a groundbreaking achievement once I am elected.

I ask you for your vote to become your Secretary of State.

Statement

I am an Election Integrity Investigator fully committed to restoring transparent, secure and verified elections for all of Washington voters. Currently, we are told that our mail-in system is the most "convenient, accessible and secure" in the country, yet we appear to be sacrificing voter confidence in the name of convenience. The public is currently prohibited from inspecting the key aspects of our elections despite vulnerabilities of tabulation machines being widely known. Our voter rolls don't appear to be properly maintained which could allow fraudulent ballots to be accepted, and because anyone with your name and birthdate can turn in your ballot, we currently do not have verifiable ballot chain-of-custody. This isn't a partisan issue. If we can't trust the process of how we elect our representative government then our Democratic Republic is only an illusion. We the People must be the ones to restore a system that we can trust. No matter where we stand politically, if we can come together on this one thing, *we all will win*. Increased transparency and oversight are key to solving these problems. I am the only candidate in this race committed to restoring that accountability.

Statement

As your current Secretary of State, my top priority is to ensure our elections are secure and accessible to every eligible voter. I am proud of my career in public service working alongside Democrats, Republicans, and Independents advocating for all Washingtonians.

My mom, an Asian immigrant, raised me to work hard, value education, and serve others. That is why I have worn the uniform for more than 30 years and served 15 years in the state Senate.

With bipartisan support from state lawmakers, I am leading work that safeguards our election systems from cybersecurity threats, confronts malicious disinformation, and engages underrepresented communities. These commitments are why I am endorsed by numerous County Auditors who conduct elections, labor and business, voting rights advocates, and prominent state and federal leaders.

The Secretary of State must possess the highest standards of integrity and leadership and serve as a strong advocate for voting rights in Washington. As attacks on our democracy become more sophisticated, I am here to lead our state's elections through security challenges. It has been the privilege of my life to serve as your Secretary of State, and I would be honored to earn your vote.

Statement

For five decades, Washington voters across the political spectrum, have trusted Republican leaders to oversee our sacred right to elect our own leaders. That ended when the governor appointed a Democrat to fill Secretary Wyman's vacant seat. I am running to return this office to the "people's choice" and to restore balance, accountability, and integrity to our election and voter registration system.

Washington has one of the most accessible election systems in the country; that needs to be protected. But with accessibility comes risk. Washington needs a SoS who understands the value of your vote and the need for constant vigilance and security improvements to protect the integrity of our elections; the bedrock of our society. Under my leadership, this office will be proactive, unbiased, and transparent.

Voter confidence suffers when we do not definitively and consistently demonstrate a commitment to free, fair, and transparent elections. And when confidence falters, voters no longer participate. I am the only candidate who has actually sponsored legislation (Washington Voter Confidence Act) to both improve access and accountability. I am not running to make things better for any political party, I am running to make things better for Washington State voters.

Statement

I'm running for Secretary of State to restore trust and integrity to government, especially our election systems. From registering voters, to eliminating irregularities, and to auditing and validating all votes, I will insure 100% accuracy and compliance with laws!

We need a passionate, experienced leader to head this critical agency who will work with county auditors and fight for election integrity and fairness. I've spoken to many Washingtonians, Republicans, Democrats, and Independents alike, who feel as I do that our concerns with government performance are not welcome. It shouldn't be controversial for Washingtonians to ask for transparency or demand audits and evidence of zero fraud. Yet many who have merely asked questions about problems or irregularities, have been mocked, silenced, or labeled as conspiracy theorists.

Citizen oversight over government is uniquely American! I will support all people, of any political party or belief, who want to be involved to ensure that their voices, and the voices of all others, are heard.

If I accomplish one result as Secretary of State, it would be to ensure that all Washingtonians are 100% convinced that elections were accomplished with integrity, and the results are true. I would be honored to get your vote!

Statement

Polarization has eroded trust in our government. The Secretary of State has the critical job of running trustworthy elections, as well as providing public records access, business registry, and library services. This demands experience. Partisanship has no place in the Secretary of State's office.

I've been Pierce County's nonpartisan Auditor for 12 years, leading a nationally recognized, award-winning office that has increased voter access, enhanced election security, and improved auditing procedures. I've provided oversight and statewide leadership in elections, increased access to public records, and streamlined business licensing. I hold national and state certifications in election administration and am a certified public records officer.

I've worked closely with counties throughout the state. Together, we've created a national reputation for excellence. That's how I've earned the trust and endorsement of more than 30 Democratic, Republican, and Independent election administrators and County Auditors throughout Washington State.

My experience and leadership managing hundreds of elections in Washington's second largest county has prepared me to serve as your Secretary of State. I will protect our democratic republic by making our elections more secure, transparent, and accessible. I ask for your vote.

Carolyn Eslick has effectively served the 39th LD for the past five years. She has a proven record of promoting new jobs and economic development, voting to limit government regulations, and supporting significant investments in broadband in our region. It is critical to have representation that understands the struggles residents face. Out-of-control inflation and gas prices are hurting working families in our district. Our communities are becoming less safe due to a rise in property crime, violent crime, and drug addiction. We deserve a representative with Carolyn's experience to address these issues and represent our values in Olympia.

The direction of our state is at a crossroads. Currently, we are experiencing price increases for energy, loss of experienced law enforcement, and an increased cost of living. These are the issues I want to tackle by: diversifying energy production, modernizing the hiring process for law enforcement while retaining experienced officers, incentivizing the creation of local jobs that reinforce town economies, and removing ineffective laws. We need to support initiatives that provide reciprocal benefits and address multiple problems. Washington has everything we need to succeed; the resources, the talent, and the ingenuity. Elected Skagit County Auditor in 2018

Other Professional Experience

Former Chief Deputy Auditor. Over 25 years as an auditor and fraud investigator.

Education

B.S. degree in Economic Crime Investigation; 20 years as a Certified Fraud Examiner.

Community Service

I have provided free workshops at local libraries, senior centers and civic group meetings, educating Skagit County residents about the prevention of fraud, elder abuse, and financial exploitation of elders. Past chairman of the Skagit Elder Alliance. Former board member of Skagit Women's Alliance and Network (SWAN).

Statement

With 6 years in the Auditor's office and 20 years as a Certified Fraud Examiner—an expert in both fraud prevention and detection—I'm by far the most qualified candidate for County Auditor.

I've worked hard to improve the efficiency, transparency, and performance of the Auditor's office. In Recording, Accounting and Licensing, I've ensured proper internal controls are in place to protect taxpayer assets.

The Auditor is the County's chief election official, and I'm the most qualified candidate to keep our elections free from fraud. I've made significant enhancements to the physical and technical security of our election office, and to improve the speed of election results, I invested federal grant funds in new ballot processing equipment, significantly decreasing the time it takes to get results on election night. I have studied cybersecurity for over 15 years and partner with our Washington Secretary of State and U.S. Department of Homeland Security to ensure that our elections adhere to all Washington State election laws. Skagit County's elections have never been more secure.

I live in Anacortes with my husband and our wonderful children and grandchildren. I look forward to four more years as your County Auditor. Thank you for your vote.

Statement

With over 40 years of experience as a Scientist, Engineer and Teacher, I have extremely valuable skills for the office of Skagit County Auditor. The Revised Code of Washington (RCWs) stipulate the roles and responsibilities of county auditors as they pertain to elections, accounting, records, warrants, claims and deeds. I will bring accountability to these duties back to the office of our auditor. I believe that full accessibility to, and availability of this office must be prioritized to the people of our county as well.

Accuracy is paramount to scientists, and to me. As your auditor, accuracy will be my top priority. Our voting rolls must be as accurate as possible, secure and up to date, so that only those who qualify for ballots receive them. Our accounting principles and execution must be timely; strictly adhering to the standards set by our laws. Our records must be complete, flawless, available, and inspectable. Indeed, our conduct and character must be unquestionable in the performance of these duties.

Statement

As a lifelong Skagitonian, I would be honored and privileged to continue to serve as your County Clerk. My entire career has been spent working in the legal community, and I believe confidence in our legal system is as important as ever.

The Clerk's Office is part of the executive branch, independent of the judiciary, representing the public as the administrative and financial officer of the Superior Court. The duties of the office are highly technical with the goal of protecting the integrity and accuracy of the Court's records and preserve for the public expeditious access to a fair and independently established record of decisions and judgments of the Court.

Skagit County deserves a County Clerk that is invested in the community, who is a trusted leader with strong experience. My leadership is recognized throughout the region and across the state of Washington. I am committed to working collaboratively and sensibly as we continue to improve on public access to court records during these challenging times.

Each experience with the Clerk's Office should increase confidence in our court system. I am running for re-election because I am committed to that ideal. I humbly ask for your vote.

Community Service

Statement

For the past eight years I have worked hard as your County Commissioner to bring people together in Skagit to collectively address issues. For example, starting in 2019 Public Health convened county leadership with city mayors and police chiefs to develop strategies to address homelessness. We found there were differences of opinion, but we could understand those perspectives and find common ground. This became the space where Skagit First Step Center in Burlington was first launched.

Our community now faces the social and mental health impacts of living with COVID. Current economic conditions will continue to put pressure on families. Again, with the cities and law enforcement we are working to increase access to social services by expanding programs based on collaborative efforts.

COVID has also brought us opportunity. Record amounts of federal spending at the local level has allowed for investment in broadband and local business support. We have strengthened social safety net programs including expanding social worker model in schools. We have invested in new technology that allows people to participate in government either virtually or in person.

I am grateful for the opportunity to serve the people of Skagit County and I ask for your vote.

Statement

As your Prosecuting Attorney for the last 15 years my office has worked hard to protect the law abiding citizens of Skagit County and hold accountable those individuals who would disrupt your lives with criminal acts that effect people physically, emotionally and financially. Our work is guided by the words "truth, equity and justice".

We strive to hold people accountable for the crimes they commit while realizing that a large share of their actions are driven by drug use. Our philosophy is guided by the term "compassionate accountability" which gives many the opportunity to take advantage of available treatment. We do not want them back in the system. Failure to take advantage of the opportunity means consequences.

Part of our legal work is representing the County on civil matters. Presently we are working on the Federal relicensing of Seattle's dams on the Skagit River. This will have major impacts such as having adequate flood storage to ensure public safety. We will continue to deal with the mental health and homeless situations through new and innovative strategies.

I want our legal advise to help Skagit County to remain an amazing place for all of our citizens to live, work and play.

"The promise of Liberty was to you and to our children and their children forever!" is a frequent comment he makes every day. "If we don't save Skagit county as a Constitutional home for our children, they will forfeit the Liberties that we inherited and now take for granted." Their future is in our hands.

A Constitutional sheriff is the last line of defense to ensure protection for our children's Liberties promised by the united States Constitution which is the supreme Law of the land.

Statement

As a lifelong resident of Skagit County, I would be honored and privileged to serve another four years as your Skagit County Treasurer. I have been serving the citizens of Skagit County for nearly 30 years in different capacities and I look forward continuing my service.

Since taking office in January 2019, I have made numerous positive changes including but not limited to electronic excise filing, digitizing records, and cross training of staff. I have reduced banking costs and am currently looking at replacing an aging cash receipting system.

I am currently serving as the Washington State Association of County Treasurers legislative chair where I've had the opportunity to collaborate with our legislators and other interested third parties to improve legislation that gives us the tools to work with our delinquent tax payers and improves our service to taxpayers.

I will continue to serve the taxpayers of Skagit County with effective, efficient and careful management of our county resources. Thank you for your support.
